# 2018 PROGRAM OBJECTIVES

## **After attending this meeting the participants will be able to:**

Describe updates in the sociopolitical system and how it works for the betterment of patient care,

Discuss up to date safety techniques of buttock augmentation

Discuss up to date data on BIA-ALCL

Review the latest strategies in RF Body Contouring and standard body contouring

Implement tips for aesthetic abdominal procedures as shared by their peers

Identify strategies to deal with the future of health insurance

Discuss new techniques of brow lift and neck lift procedures to enhance patient safety

Comply with and take advantage of the new laws affecting plastic surgery that have been enacted in Florida over the course of 2018,

Identify and review fat grafting techniques in facial procedures

Review the latest patient safety strategies
