

Florida Plastic Surgery Forum

2018

FLORIDA SOCIETY OF
PLASTIC SURGEONS

The Breakers, Palm Beach, Florida
December 13–16, 2018

Jointly Provided by:

THE AMERICAN SOCIETY
FOR AESTHETIC PLASTIC SURGERY

This activity is designated for a maximum of 21.75 AMA PRA Category 1 credits™

Natrelle®

Only Natrelle INSPIRA®
DOES GUMMY LIKE THIS

Three cohesivities. Countless possibilities.^{1,*}
*600 breast implant options.

“Goodbye,
padded bras.
HELLO, NEW LOOK!”

Emily

Actual Natrelle INSPIRA® Cohesive
primary augmentation patient.

Individual results may vary.

Natrelle® Breast Implants Important Information

INDICATIONS

Natrelle® Breast Implants are indicated for women for the following:

Breast augmentation for women at least 22 years old for silicone-filled implants. Breast augmentation includes primary breast augmentation to increase breast size, as well as revision surgery to correct or improve the result of a primary breast augmentation surgery.

IMPORTANT SAFETY INFORMATION

CONTRAINDICATIONS

Breast implant surgery should not be performed in:

- Women with active infection anywhere in their body.
- Women with existing cancer or precancer of their breast who have not received adequate treatment for those conditions.
- Women who are currently pregnant or nursing.

WARNINGS

- Breast implants are not lifetime devices or necessarily a one-time surgery.
- Avoid damage during surgery: Care should be taken to avoid the use of excessive force and to minimize handling of the implant. Use care when using surgical instruments in proximity with the breast implant. For more information, please see the full Directions for Use.

PRECAUTIONS

Safety and effectiveness have not been established in patients with the following:

- Autoimmune diseases (eg, lupus and scleroderma).
- A compromised immune system (eg, currently receiving immunosuppressive therapy).
- Planned chemotherapy following breast implant placement.

- Planned radiation therapy to the breast following breast implant placement.
- Conditions or medications that interfere with wound healing and blood clotting.
- Reduced blood supply to breast tissue.
- Clinical diagnosis of depression or other mental health disorders, including body dysmorphic disorder and eating disorders. Please discuss any history of mental health disorders prior to surgery. Patients with a diagnosis of depression, or other mental health disorders, should wait until resolution or stabilization of these conditions prior to undergoing breast implantation surgery.

ADVERSE EVENTS

Key adverse events are reoperation, implant removal with or without replacement, implant rupture with silicone-filled implants, and capsular contracture Baker Grade III/IV.

Other potential adverse events that may occur with breast implant surgery include: asymmetry, breast pain, breast/skin sensation changes, capsular calcification, delayed wound healing, hematoma, hypertrophic scarring/scarring, implant extrusion, implant malposition, implant palpability/visibility, infection, nipple complications, redness, seroma, swelling, tissue/skin necrosis, wrinkling/rippling.

For more information see the full Directions for Use at www.allergan.com/labeling/usa.htm. To report a problem with Natrelle® Breast Implants, please call Allergan at 1-800-433-8871.

Natrelle® Breast Implants are available by prescription only.

Disclosure Policies and Accreditation

As a program jointly provided by The American Society for Aesthetic Plastic Surgery (ASAPS) and FSPS, we must ensure balance, independence, objectivity and scientific rigor in our educational activities. All planners, presenters and faculty members are required to disclose all relevant financial relationships with commercial interests in advance of the activity. Anyone who refuses to disclose will be removed. All disclosures are reviewed by ASAPS & FSPS. Conflicts of interest are identified and managed in advance of the activity.

All planners, presenters and faculty members' disclosures will be provided to the audience in advance of the activity and via slides. Additionally, all presenter disclosures will be announced verbally.

Additionally, if any unapproved or off label use of a product is to be referenced in a CME program presentation, the presenter is required to disclose that the product is either investigational or it is not labeled for the usage being discussed. ASAPS & FSPS shall convey any information disclosed by the presenter to the CME program audience prior to the activity. FSPS does not allow commercial interests to influence the planning of our educational

activities. ASAPS & FSPS adhere to the ACCME Standards for Commercial Support.

Accreditation: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The American Society for Aesthetic Plastic Surgery and Florida Society of Plastic Surgeons.

The American Society for Aesthetic Plastic Surgery designates this live activity for a maximum of 21.75 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Of the 21.75 *AMA PRA Category 1 Credits*[™], 5.25 have been identified as applicable to patient safety. ▲

This activity will address the following ACGME/ABMS competencies:

- Patient Care
- Procedural Skills
- Medical Knowledge
- Systems-Based Practice

2018 Program Objectives

After attending this meeting the participants will be able to:

- Describe updates in the sociopolitical system and how it works for the betterment of patient care,
- Identify the latest strategies in facial rejuvenation, including invasive and non-invasive procedures,
- Comply with and take advantage of the new laws affecting plastic surgery that have been enacted in Florida over the course of 2018,
- Implement tips for breast surgery procedures as shared by their peers,
- Review the latest patient safety strategies.

2018 Exhibitors

Aesthetic Management Partners—

We start with the patient first, and source innovative technology to deliver the best outcomes. When you achieve exceptional patient results, your practice will thrive.

2492 Walnut Ave., Suite 120
Tustin, CA 92780
845-309-6054
www.aestheticmanagementpartners.com

Allergan—Allergan's Total Rejuvenation™ portfolio is where science and aesthetics meet. The portfolio provides medical specialists and their patients with the most comprehensive, science-based aesthetic product offerings available.

2525 Dupont Drive
Irvine, CA 92623
714-246-4667
www.allergan.com

AirXpanders Inc.—AirXpanders® Inc., based in Silicon Valley, is focused on the design, manufacturing and marketing of innovative medical devices that help modernize breast reconstruction. The company's flagship product, the AeroForm® Tissue Expander System, is the first and only FDA-cleared needle-free, patient-controlled tissue expander for breast reconstruction following a mastectomy.

3047 Orchard Parkway
San Jose, CA 95134
877-349-2479
www.airxpanders.com

Allexon Health Sciences—Manufacturer of Vivanta, a perioperative nutraceutical system to speed recovery, reduce pain, swelling and inflammation.

3532 Commerce Court
Burlington, ON L7N3L7
905-599-2071
www.allexon.com

ASPS—The American Society of Plastic Surgeons is the largest plastic surgery specialty organization in the world. The Society represents 94% of all board-certified plastic surgeons in the U.S., and more than eight thousand plastic surgeons worldwide.

444 E. Algonquin Rd
Arlington Heights, IL 6005
847-228-3383
www.plasticsurgery.org

AtaskPI—AtaskPI is a cloud-based software used to increase profitability and productivity by analyzing and displaying operational, marketing and financial data in a highly intuitive dashboard.

190 NE 199th Street
Miami, FL 33179
786-630-8127
www.ataskpi.com

Bard Davol—Bard Davol is the market leader in soft tissue reconstruction, delivering a growing line of mesh prosthetics, biologic implants and fixa2on systems for hernia repair and abdominal wall reconstruction procedures. Additionally, our Biosurgery products include enhanced sealants and hemostatic products for thoracic, cardiovascular and other surgical specialties.

100 Crossings Boulevard
Warwick, RI 02886
401-825-8363
www.davol.com

Biodermis—For nearly 30 years Biodermis has led the scar management industry with patented silicone and silicone gel innovations like Epi-Derm, Epifoam, Pro-Sil, Derasof and Xeragel.

1820 Whitney Mesa Dr, Ste 100
Henderson, NV 89014
702-260-4466
www.biodermis.com

CAREstream America—is the premier distributor of Aesthetic products carrying human med, Christie Medical and CMI—ranging from water-jet assisted technology to vascular access imaging to nitrous oxide analgesia to ultrasound—help shape the body, highlight the veins, diagnosis and aid in injections and relieve the pain and anxiety of aesthetic procedures.
