Residency Program Presenters

Disclosures Policies & Accreditation

As a program jointly provided by The Aesthetic Society (ASAPS) and FSPS, we must ensure balance, independence, objectivity and scientific rigor in our educational activities. All planners, presenters and faculty members are required to disclose all relevant financial relationships with commercial interests in advance of the activity. Anyone who refuses to disclose will be removed. All disclosures are reviewed by ASAPS & FSPS. Conflicts of interest are identified and managed in advance of the activity.

All planners, presenters and faculty members' disclosures will be provided to the audience in advance of the activity and via slides. Additionally, all presenter disclosures will be announced verbally.

Additionally, if any unapproved or off label use of a product is to be referenced in a CME program presentation, the presenter is required to disclose that the product is either investigational or it is not labeled for the usage being discussed. ASAPS & FSPS shall convey any information disclosed by the presenter to the CME program audience prior to the activity. FSPS does not allow commercial interests to influence the planning of our educational activities. ASAPS & FSPS adhere to the ACCME Standards for Commercial Support.

Accreditation: This activity has been planned and

implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The Aesthetic Society and Florida Society of Plastic Surgeons.

The The Aesthetic Society designates this live activity for a maximum of **23.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Of the **23.5 AMA PRA Category 1 Credits™**, **3.5** have been identified as applicable to patient safety.

This activity will address the following ACGME/ABMS competencies: ▲

- Patient Care
- Procedural Skills
- Medical Knowledge
- Systems-Based Practice

Jointly Provided by:

Endorsed by:

2020 Program Objectives

At the completion of this CME activity, registrants will be able to:

- Review current perspectives of hot topics in hair restoration, breast implant illness, and pain management,
- Comply with and take advantage of the new Florida laws affecting plastic surgery that have been enacted over the course of 2020,
- Review current techniques in reconstructive breast surgery, breast reduction, and mastopexy,
- Review techniques to optimize body contouring procedures,
- Discuss presenter's research projects, the results, and the potential application to plastic surgeons' practices,
- Identify safety techniques to enhance patient outcomes,
- Assess advantages and disadvantages of surgical vs non-surgical facial techniques.

The Breakers
